

## Basement Store

Tomorrow, Wednesday, El Paso's Store of Quality again throws open its doors to the multitude, with the second Big Basement Store Sale—second only in occurrence, not in importance, nor in the wonderfully tempting values offered. In importance, even surpassing the first great sale, in the number and value of the thousand and one bargains we specially feature, for Wednesday—and for the rest of the week. The constantly arriving stocks, the hourly replenishing—goes merrily on, to the tune of El Paso's prudent shoppers' eager purchasing—for not one moment, since we inaugurated this greatest of all Basement Store Sale, has the interest in these wonderful offerings abated—rather, on the contrary, as the good news spread—the

## EAST EL PASOANS PROMISED RELIEF

Street Car Company to Lay Heavier Rails; Deep Sewer to Remove Odors; Parkings to Be Pushed.  
Apparently the meetings of the East El Paso Improvement league grow in popularity and attendance. Monday night being the most enthusiastic session recorded since the inception of the club. Improvements for the district already planned, and contemplated improvements, were topics under discussion at the Monday night meeting.

Through C. R. Brown, superintendent H. S. Potter, of the electric railway, assured the members that the Washington park loop of the road would not be abolished, but, on the contrary, the company proposed soon to lay heavier rails on that part of the line.

In the matter of the club improving the right-of-way along the north side of the canal, C. H. Escott stated that the reclamation service was interested and would cooperate with the East El Pasoans in making the improvements.

## NEW COLLECTOR OF STAMPS FOR JUAREZ

Two Men Arrested in Juarez, Following Robbery of Jewelry Store in Torreon, Mexico.  
Evarado Rodriguez is new stamp collector in Juarez, taking the place of Evaristo Bustamante, who came to El Paso with the funds of the office. The latter was a Maderista.

Several days ago a large jewelry store in the city of Torreon was broken into. Diamonds and other gems valued at \$50,000 were taken from the store. Chiefs of police in the various cities were notified. A letter was received by Andres Salinas, chief of police of Juarez, Monday night, on Tuesday Morning he arrested Raymundo Montes and Gilberto Anchondo.

Jose Castillo, in command of the garrison at Palomas, is declared to be a federal officer by the authorities in Juarez. Reports have been circulated that he and his men were Maderistas.

No advice has been received in Juarez of the 200 Maderista soldiers and their main gun said to be approaching Juarez from a point opposite Fort Quitman. The authorities are inclined to discredit the report.

## A. C. FROST PROTESTS AGAINST METHOD OF PROSECUTION

Chicago, Ill., April 1.—Protest against the government's method of prosecuting was made today by Albert C. Frost, who, with four others, is on trial before federal judge Landis charged with defrauding the government out of valuable Alaskan coal lands.

Special assistant attorney general B. D. Townsend was pursuing a line of questioning relative to letters which had been brought into court yesterday.

"There is nothing in them I want to conceal," said Frost, "but I don't think the government is going about this case fairly. It has gone through my correspondence of upward of 100,000 letters. Here and there it has chosen one whose meaning is more or less ambiguous. If any letters were brought into the case, the whole 100,000 ought to have been."

All the letters brought up for consideration and cross examination of the witnesses were those Mr. Frost, under orders from judge Landis, brought into court from his office yesterday.

The government is attempting to improve on the fact that O. G. Labadie, one of the promoters of the Alaskan Central railroad, had played fair with Mr. Frost.

## SECOND MASS MEET OF CITIZENS TONIGHT

A second mass meeting of the Citizens' Independent party will be held at the El Paso theater this evening, at which the platform, which was read at the last meeting, will be discussed by the Citizens' party speakers. The invitation of the members includes the women, and a glee club has been obtained to furnish music for the meeting.

## CONDITION OF HENRY M. FLAGLER IS REPORTED TO BE WORSE

West Palm Beach, Fla., April 1.—The condition of Henry M. Flagler, who recently suffered a fall at his home near here, was reported worse today. Relatives and friends expressed considerable anxiety for his life.

## Clean your sinks with GOLD DUST

No place in the home gathers grease as quickly as the kitchen sink. Gold Dust washing powder, however, has the peculiar quality of dissolving and cutting grease and if, after each dishwashing, a suds is made in the dishpan with warm water and Gold Dust, and the sink thoroughly rinsed with these suds, the last particle of dirt and grease will be removed.

The sink pipe will never become clogged with grease if Gold Dust and plenty of hot water are used for washing the sink morning and evening.

You can buy a large package of Gold Dust for 5 cents.

"Let the GOLD DUST TWINS do your work"

Wall board has a thousand uses. Lander Lumber Co.

## Our Juvenile Department

with new shipments coming in daily, this department is rapidly filling up with the nobbiest shoes for children we have ever shown. We have striven for years to give you the best children's shoes we can possibly get for the money and our immense children's business is the result—There are lots of mothers in El Paso, whom we have shod from the time they were little girls and they know the care we take in fitting the growing feet of the little folks. For this week we feature

White Canvas Pumps welt or turn soles \$1.00 to \$3.50  
White Canvas Button Oxfords . . . . \$1.35 to \$2.25

Sizes run from infants up to young women's.

GREATER EL PASO'S GREATEST SHOE STORE  
**The Guarantee**  
SHOE COMPANY  
203 Mesa  
The Children's Favorite Shoe Store.

## ONE MORE WEEK OF RING RULE

Crooked Elections, Bossism Political Pandering and Extravagance Will Be Banished From El Paso Tuesday.

Dig up your poll tax receipt, see that it is corrected if you have moved since it was issued, and it next to your heart and vote for the Citizens' Independent ticket and for good government against ring graft.

Next Tuesday—one week from today, the fight at the polls for clean elections, a clean city and clean municipal government will be made. Entrenched behind the city hall, which they have held for years and with the office holders and city employees as their allies, the city ring will fight for its life next Tuesday.

This will be a fight against great odds as it always has been among men who fight for principles. The ring controls the election boards, the officers for the elections are appointed by the self acknowledged political boss who refuses equal rights to citizens of El Paso who own more property and pay more city taxes than the entire bunch of political parasites known as the ring.

Every man vote will count in this contest and it is the duty of all El Pasoans who are for better city government, economic administration of their affairs to get out and vote.

Have you moved since you bought your poll tax receipt? If you have, go down to the collector's office in the court house, have it changed so that your vote may not be thrown out by the ring election officers next Tuesday.

It is up to the people of El Paso to see that this ticket which is their ticket, gets a square deal at the polls.

Ring has had opportunity to make its play in El Paso whenever the ring has had opportunity to make its play in El Paso. The Citizens' ticket stands pledged to remedy this when it is elected a force to remove the crooked elections and questionable methods to the waste basket of popular political reform.

Men of known reputation and honesty will be selected to preside at the polls to represent the Citizens' movement and the opposition from what ever source it may develop will be given an equal representation. There will be no dodging behind election laws which have been violated so much in the recent past that they are considered a joke by the professional election officers who flourish guns in the faces of honest, tax paying citizens and who brag of how they put it over the opposition after the elections are held.

Will be running this city, Mr. Taxpayer and Property Owner? Is the man who has inherited from his political ancestors or has a citizen the right to express his opinion by the ballot next Tuesday without having it counted out by the ring?

Swat the ring and its long trail of graft next Tuesday by voting for the Citizens' Independent ticket and good government.

## PLAN BIG BLOWOUT TO GET RID OF DAM

A big blowout will be given by the reclamation service at the diversion dam near the viaduct. The reclamation office has advertised for bids to dynamite the old rock dam which was built across the river near the Mexican intake, to divert the water of the river into the American canal. The dam is no longer needed, and it will be blown out to clear the river bed.

The government needs 100 men at \$1.50 a day at the Elephant Butte dam. There is a shortage of day laborers at the dam and the government engineers are anxious to employ a company of Mexican revolutionists to attack the rock work at the project.

There is nothing secret about the Citizens' ticket. Its meetings are open and on the level. Tonight at the theater—Adv.

## CARPENTERS FAIL TO GO ON STRIKE

Threat to Walk Out On First of April Is Not Carried Into Effect By the Union Journeymen.

Union carpenters put over an April fool joke on the contractors Tuesday when they reported for work on time and worked all day despite the notice that they would strike for higher wages on Tuesday morning following a demand made upon the contractors for an increase in wages from 55 cents to \$2 1-2 cents per hour. The carpenters were at work on the Masonic temple building and other big jobs in the business district, although the reports from the suburbs are that work has been suspended upon a number of the bungalows.

Contractors say that the union carpenters reported for work Tuesday morning and are awaiting further action by the union officials. The contractors also say they have been asked to meet with a committee from the carpenters' union this evening in the Coles building to consider the situation. The contractors will appoint a committee to meet the union officers, although they insist that they will not grant the increase asked for by the journeymen carpenters.

It is understood that the work on the Masonic temple and other jobs started before February 15 will be finished by the union, at the old scale, even if the strike is called, as this was a part of the proposal made to the contractors.

None of the 27 carpenters employed by the Mayfield Realty company went on strike Tuesday. They will fulfill the arrangement to complete all work started before March 15 before considering a strike.

## STEEL IS BEING LAID ON THE INTERURBAN

Steel is being laid on the interurban. The road crossing below the five-mile bridge is also being put in and the work of stringing wire toward Ysleta continues.

C. W. Kellogg, general manager of the Electric Railway company, who has been here to inspect the progress of the valley line work, has returned to his home in Dallas, accompanied by Mrs. Kellogg.

Don't class with the criminals who are disfranchised. Join the Citizens' Party and vote for good government.—Advertisement.
